

EPIC CONSTRUCTION

S E R V I C E S

PA089230

Matt Spotts joined Epic Construction Services in the Spring of 2018, after working for a Harrisburg , PA based Architectural firm as a Project Manager/Architect for the past 23 years. Prior to working with the firm, he had 5 years of residential and commercial construction experience. These experiences enable Matt to handle all aspects of a project including assisting the Client in programming design and budgeting, code review, construction documentation and specifications, contractor and sub-contractor bidding, selection of finishes, and construction management. He is adept at working with commercial, industrial, institutional, religious and residential projects, including land planning and site design, as well as specializing in Accessibility Design. His most recent assignments include Members 1st Federal Credit Union bank branches, Keystone Human Services Headquarters Office, Keystone Service Systems Group Homes, ACPI Cabinetry Warehouse, Transcorp Distribution Office, and many Accessibility Design projects with State Workers Insurance Company and the Office of Vocational Rehabilitation.

As a Project Manager/Design Consultant, Matt is responsible for working with clients on design build projects and oversight of project operations, coordinating field and administrative activities and ensuring that everyone involved in the project remains sensitive to the client and the importance of developing a facility that is visually aesthetically pleasing and that will serve the clients' needs.
